

GAURAV PRAKASH

MSc Marketing Research & Analytics | Consumer Insight | Quantitative & Qualitative | Healthcare & FMCG Research

Phone: +44 7909 760889 | Email: gauravprakash785@gmail.com | LinkedIn | Location: Manchester, UK (Open to Relocation)

PROFESSIONAL SUMMARY

Research professional with 4+ years of agency experience delivering quantitative and qualitative research across pharmaceutical/healthcare and FMCG/consumer sectors. Skilled in end-to-end project management from research design and questionnaire development through to fieldwork coordination, data analysis and final debrief presentations. Experienced in designing surveys aligned to client objectives, managing UK and international fieldwork, and translating complex data into clear, actionable stories for senior stakeholders. Recently completed MSc in Marketing Research & Analytics at Manchester Metropolitan University, with a dissertation utilising SPSS regression and correlation modelling to analyse consumer behaviour. Brings strong organisational and time management skills, proven teamwork, and a genuine passion for consumer insight and product development research.

CORE COMPETENCIES

- Quantitative Research – survey design, data analysis, SPSS (regression, correlation, Cronbach's Alpha), cross-tabulation and statistical modelling
- Qualitative Research – focus groups, depth interviews, stakeholder interviews, discussion guide development and thematic analysis
- Research Design – end-to-end ad hoc project design aligned to client objectives, questionnaire and discussion guide development
- Fieldwork Management – UK and international fieldwork organisation, agency briefing, quota management and data quality control
- Online Panels & Survey Tools – Qualtrics, Decipher, panel management, respondent engagement, screening and recruitment
- Data Analysis & Visualisation – Excel (pivot tables, dashboards), SPSS, Power BI, Google Analytics 4; charts and infographics
- Insight Reporting & Storytelling – written report writing, data storytelling, PowerPoint debrief presentations for senior stakeholders
- FMCG & Consumer Insight – consumer behaviour research, brand and product research, competitive intelligence across FMCG sectors
- Client Liaison & Communication – strong written and verbal communication; managing client expectations throughout the research lifecycle
- Project Management – concurrent ad hoc project delivery, budget tracking, timeline management, vendor coordination – PMP® certified
- Organisation & Time Management – proven ability to manage multiple concurrent projects and deadlines simultaneously
- Data Governance – GDPR awareness; accurate data handling, documentation and compliance within a research agency context

PROFESSIONAL EXPERIENCE

Research Project Manager – Market Research & Insight

Quest MindShare – Primary Market Research Agency | India / Remote | October 2023 – January 2025

- Managed end-to-end delivery of ad hoc quantitative and qualitative research projects across FMCG, Healthcare, Technology and Professional Services sectors — overseeing research design, fieldwork, analysis and final client debrief from brief to presentation.
- Designed questionnaires and discussion guides aligned to client objectives, translating business questions into effective survey instruments for UK and international fieldwork using Qualtrics and Decipher.
- Organised and managed fieldwork design and logistics in the UK and overseas: briefed and coordinated third-party fieldwork and data agencies, set sampling quotas, defined screening criteria, and monitored data quality and representativeness throughout.
- Managed online research panels end-to-end overseeing respondent engagement, quota management, data quality checks and panel health to ensure reliable, representative outputs for FMCG and consumer clients.
- Analysed quantitative data (survey responses, panel data) and qualitative data (interview transcripts, open ends) to identify patterns, segment audiences and generate actionable consumer and market intelligence.
- Created and delivered compelling PowerPoint debrief presentations to senior client stakeholders, telling a clear story from the data and communicating market dynamics, consumer needs and competitive intelligence.
- Produced written insight reports featuring data visualisations (charts, tables, infographics), executive summaries and strategic recommendations, standardised reporting templates across the insight team.

- Managed 15-20 concurrent research projects tracking budgets, flagging variances, monitoring timelines and coordinating cross-functional teams to ensure on-time, on-budget delivery.
- Collaborated with senior researchers and client teams in regular liaison throughout the project lifecycle, maintaining transparent communication and ensuring research objectives were met.
- Ensured data handling, storage and reporting complied with GDPR principles and client data protection requirements throughout all research projects.

Associate Research Project Manager

Quest MindShare – Primary Market Research Agency | India | October 2022 – September 2023

- Supported senior researchers in delivering B2B and consumer insight initiatives, including ad hoc survey projects, customer panel studies and competitor analysis programmes across global consumer markets including FMCG.
- Assisted with questionnaire design and research instrument development, reviewing survey logic and question wording against client objectives prior to fieldwork launch.
- Analysed quantitative and qualitative research data in Excel and SPSS, producing charts, cross-tabulations and written summaries for senior client presentations and internal decision-making.
- Maintained comprehensive project trackers, timelines and status reports supporting transparent client liaison and smooth communication of research findings and recommendations throughout the research lifecycle.
- Assisted with coordination and logistics for client review meetings and insight debrief sessions, contributing to the clarity and quality of reported findings.
- Supported data quality assurance processes: reviewed incoming data for completeness and accuracy, flagged anomalies, and ensured datasets were clean and well-documented prior to analysis.
- Gained hands-on exposure to a wide range of ad hoc research methodologies including online surveys, telephone interviews, focus groups and desk research across multiple concurrent projects.

Sampling Executive – Market Research

Quest MindShare – Primary Market Research Agency | India | October 2020 – September 2022

- Managed sampling operations for quantitative and qualitative research programmes defining target respondent specifications, managing quotas, applying screening criteria, and maintaining data integrity across multiple concurrent studies.
- Operated online panel platforms to source, screen and recruit research participants; coordinated with panel suppliers and fieldwork agencies to meet project deadlines and quality standards.
- Monitored fieldwork progress daily, tracking response rates, quota completion and data quality, and escalating issues to senior researchers to ensure project timelines were met.
- Delivered clean, well-documented and analysis-ready datasets to the research and insight team, directly supporting effective data analysis and insight report writing.
- Developed foundational knowledge of quantitative research methods, survey methodology and respondent engagement best practices within a fast-paced agency environment.

ADDITIONAL EXPERIENCE

Retail Assistant (Part-Time)

ASDA, UK | Ongoing (alongside postgraduate studies)

- Supported daily store operations including customer service, tills and stock replenishment, consistently maintaining high service standards in a fast-paced retail environment.
- Handled a high volume of customer queries and transactions efficiently and accurately, developing strong interpersonal and communication skills through daily face-to-face customer interactions.
- Successfully balanced part-time employment alongside full-time postgraduate study (MSc Marketing Research & Analytics), demonstrating strong time management, reliability and the ability to manage competing priorities, directly transferable to managing multiple concurrent research projects in an agency environment.

Event Coordinator (Part-Time)

Magic Creation – Marketing Agency, Delhi, India | October 2018 – March 2020

- Coordinated on-ground brand activation and BTL events for client brands including Hero, Castrol, Reynolds and the Pro Kabaddi League — supporting event planning and on-the-day execution.
- Assisted with new product launch activations, helping plan the activity, set up on site, and coordinate vendors and event staff to deliver on schedule.
- Managed event logistics on the ground: venue and material set-up, supplier and crew coordination, and real-time problem-solving during live events.
- Balanced this part-time role alongside full-time B.Com studies, building early time-management, coordination and client-brand exposure.

Business Development Workshop – SHARP Project

4-Week Intensive Programme | UK | May 2025

- Worked in a team of four to develop a new business concept from initial ideation through to a final pitch presentation, applying structured idea validation, audience research and data-backed decision-making throughout.
- Used Canva to design branding and pitch materials and Weebly to build a business website, demonstrating creative communication, attention to detail and the ability to present ideas clearly and visually.
- Gained practical experience in teamwork, stakeholder communication and early-stage business planning reinforcing core skills directly relevant to collaborative research project delivery.

ACADEMIC PROJECTS

MSc Dissertation - Digital Market Research & Consumer Behaviour

Manchester Metropolitan University, UK | 2025 – 2026

- Designed and conducted an independent primary research study titled: 'The Role of Digital Market Research in Understanding Sustainable Fashion Choices Among UK Gen Z in the
- Digital Age: Developed and distributed a structured digital questionnaire to a targeted online panel, applying best-practice survey design principles to maximise response quality and data integrity.
- Conducted a full quantitative analysis using SPSS: Cronbach's Alpha reliability testing, descriptive statistics, Pearson correlation analysis and multiple regression modelling (two models) to identify key predictors of sustainable purchase intention and behaviour.
- Applied the Theory of Planned Behaviour (TPB) as the theoretical framework; findings confirmed attitude and social norms as the strongest predictors of sustainable purchase intention among UK Gen Z consumers.
- Produced a comprehensive written dissertation with strategic recommendations for FMCG fashion brands and policymakers, demonstrating the ability to translate complex data into actionable insight.

Live Client Brief - GamesterInc (EdTech / Gamified Learning)

Manchester Metropolitan University, UK | 2025 – 2026

- Worked as part of a four-person student research team commissioned by GamesterInc- a UK EdTech company offering gamified construction-skills learning for 15-19 year olds- to deliver a full market research and strategy project.
- Contributed to secondary research including target audience analysis, buyer persona development, competitor landscape review (ProCore, SkillMill, GamesterInc) and a full SWOT analysis of the client's platform.
- Designed focus group discussion guides and led primary qualitative research with student participants, exploring usability, engagement, effectiveness and platform improvement opportunities.
- Analysed focus group transcripts and synthesised findings into a client-facing presentation and written report, communicating consumer insights, strategic recommendations and a campaign plan directly to the client via a live Teams meeting.
- Personally responsible for questionnaire drafting, purchase driver and key trends research, LinkedIn campaign post creation and contributing to the final report- demonstrating end-to-end research and client liaison skills.

EDUCATION

MSc Marketing Research & Analytics (Scholarship Holder)

Manchester Metropolitan University, UK | 2025 – 2026

Key modules: Quantitative & Qualitative Research Methods, Research Design, Analytics Storytelling, Digital Market Research, Consumer Insight & Behaviour, Digital Measurements and Evaluation, Strategy For Digital.

MBA – Marketing

NMIMS, India | 2021 – 2023

Modules: Business Strategy, Consumer Marketing, Organisational Behaviour, Commercial Performance Management.

Bachelor of Commerce (B.Com)

University of Delhi, India | 2017 – 2020

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Project Management Professional (PMP®) – Project Management Institute (PMI)
- Google Analytics 4 (GA4) Certification – Google
- SPSS Statistics Essential Training – LinkedIn Learning
- Data Literacy: Exploring & Describing Data – LinkedIn Learning
- Customer Insights & Consumer Analytics – LinkedIn Learning
